**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner in Berkeley CA and I love my small internet provider, they offer excellent service at competitive rates.

It is a local neighborhood company owned by people who live in the community. I value having direct access to the company which is highly responsive to my needs and the needs of the community. I do not want to be limited in my choice of providers nor do I want the price increases that are certain to come.

I believe in a true marketplace where many players can thrive. Not in one where monopolies or duopolies stifle competition, create unfairness and corrupt democracy.

I support local Broadband providers and hope that you will take the correct measures to protect this resource for our citizens.
